Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Tapping is an activity that many of us engage in everyday without even thinking about what we are doing. We drum our fingers on a desk or table while we wait for something to happen. We tap our forehead while we are figuring out a problem. We stroke our chin or rub our head as we contemplate the issues of the day. Each of these acts is our body's clumsy way of attending to a need for peace or resolution. Tapping prayer is a spiritual practice that intentionally focuses our attention on the rhythmic movement of our finger tips. It directs the energy of God's healing onto specific points on our body that through the practice of acupuncture and reiki, have shown to be conduits of healing. Tapping prayer is the most exciting addition to my spiritual tool belt in 25 years of ministry. It's fun and effective and easy to administer alone, one on one, or in a group. It is very flexible. and did I mention, effective? Tapping prayer is effective in bringing individuals into a one one relationship with God that creates peace, healing, and a desire to share those gifts with other individuals, communities, and Creation. Tapping prayer is an integration of sacred wisdom from the East and West. It is a spiritual practice that blends a knowledge of the Spirit's movement through our body with an understanding of meridian tapping based on the Emotional Freedom Technique created by Gary Craig. Tapping prayer brings balance and peace to individuals who are experiencing spiritual distress. By gently tapping on identified points of entry for the Holy which correspond to meridian end points...
