# MEMORY

Psychology Press, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This second edition of Memory is, if anything, even better than the first. It is an outstanding coverage of current findings and theories written by top international authors. This edition has more on the brain correlates of memory, and more on lifespan development and memory disorders. It is written in an engaging personal style and may be strongly recommended both as a textbook...
