Tebot Bach. Paperback. Book Condition: New. Paperback. 78 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. Willie James King steadies the plow with his compassionate poems in a world where no one is safe from the chaos of a world caving in on itself. Writing from an Alabama where somehow, those old Confederates don't stay dead, he celebrates unsung heroes like a teacher who sees her job as creating the kind of kids willing to die for the lives their ancestors lost. The theme of continuance, of survival to see a more humane world, runs throughout these poems, beginning in the ruin on ruin that is Haiti and ending by savoring a backwoods plum and longing to be where leaves won't wither on the willow, even when the earth seems fallow in snow. - Bryce Milligan, publisher, Wings Press; author of *Lost and Certain of It* and *Alms for Oblivion*. Willie James King is a truthseeker, a trustseeker. In this book he pursues his double quest first by examining the injustices to all humanity through the 2011 execution of Troy Davis, the murder of Martin Luther King and the forced uprooting of thousands of ancestor-souls from Africa. After our long history of rubble and arms, King's good-hearted emotional positivism still flickers: the earth seems fallow; there is still a promise, at least a possibility of fertility, rebirth. - Kathleene West, author of *Water Witching* and *The Summer of the Sub-Comandante*. How a poet comes to his voice remains a mystery and so it should remain, for poetic lyricism and passion rise up in the darkest of times, as well as in the most beautiful. It sings those moments when the words in one's mouth taste of blood, as well as those when they taste of ripe plum, sweet, sweet, sweet, as Willie...
