IPHOTO 6: THE MISSING MANUAL

DOWNLOAD

To download **iPhoto 6: The Missing Manual** eBook, make sure you refer to the web link below and save the document or gain access to additional information which might be related to IPHOTO 6: THE MISSING MANUAL book.

O'Reilly Media, Inc, USA. Paperback. Book Condition: new. BRAND NEW, iPhoto 6: The Missing Manual, David Pogue, Derrick Story, If you used iPhoto when it first came out, you'll remember the way it slowed to a crawl once you loaded it with about 2,000 photos. Compare that to this year's model: iPhoto 6 can handle as many as 250,000 images and still have the power to run a host of suped-up features. Its new software engine lets you make changes with a drag and drop editing tool, find photos with a robust search feature, and manipulate images without affecting the originals in your master library. You can also: view and work on full-screen images; make quick edits with one click; work with RAW images; create cool new calendars, greeting cards and books; post photos online with the new iWeb application; and use a method of sharing called "Photocasting". Apple makes it all sound so easy: just drag this, click that and you're done. But, as intuitive as these features are, you can still get lost, especially if you're new to iPhoto. Not to worry. "iPhoto 6: The Missing Manual" gives you plenty of undocumented tips and tricks for taking advantage of the new version and every little feature packed into it. It's the top-selling iPhoto book for good reason. With wit and objectivity, David Pogue and Derrick Story start you out with a crash course on digital photography, complete with tutorials on buying a camera, composing brilliant photos in various situations (sports, portraits, nighttime shots, even kid photography), and making digital movies. From there, you'll dive into every detail of iPhoto, from camera-meets-Mac basics to storing, searching, editing, and creating books, calendars and greeting cards. You'll learn to build a personal web site built with iWeb, and discover "Photocasting" -...
