The whistleblower targeted individual, targeted for varied reasons, is then heinously, maliciously, secretly abused by electromagnetic technology difficult to prove because it is unseen to the human eye or detectable as extremely low frequency (ELF) radio waves. Others watch and become frightened preventing them from speaking out against these extreme immoral and unethical injustices in the form of covert terrorism with many players. After many, many years in research, testing and development programs, technology termed psychological electronic, which includes, satellite delivery, microwave, and Directed Energy Weapons, are nothing less than brilliant and today have stepped forth in full force, globally, for law enforcement and military use for testing for riot or crowd control within the U. S. to include government contractors. The electromagnetic arsenal of...
