DESCARTES' ERROR: EMOTION, REASON AND THE HUMAN BRAIN

Penguin Random House LLC, 2005. Softcover. Book Condition: New. A renowned neurologist demonstrates what many have long suspected: emotions are not a luxury, they are essential to rational thinking. Far from interfering with rationality, his research shows the absence of emotion and feeling can break down rationality and make wise decision making almost impossible. Library Journal says, "The idea that the mind exists as a distinct entity from the body has profoundly influenced Western culture since Descartes proclaimed, "I think,...

Reviews

I actually started off reading this article ebook. It is written in simple phrases instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dessie Witting**

Absolutely among the best publication I have at any time go through. It is definitely basic but shocks from the 50 % of the book. I discovered this book from my i and dad advised this publication to find out.
