FORECASTING IN THE SOCIAL AND NATURAL SCIENCES

To read **Forecasting in the Social and Natural Sciences** eBook, make sure you refer to the link below and download the ebook or have accessibility to other information which are in conjunction with FORECASTING IN THE SOCIAL AND NATURAL SCIENCES book.

Springer. Paperback. Book Condition: New. Paperback. 384 pages. Dimensions: 10.0in. x 7.0in. x 0.9in. Social and natural scientists often are called upon to produce, or participate, in the production of forecasts. This volume assembles essays that (a) describe the organizational and political context of applied forecasting, (b) review the state-of-the-art for many forecasting models and methods, and (c) discuss issues of predictability, the implications of forecast errors, and model construction, linkage and verification. The essays should be of particular interest to social and natural scientists concerned with forecasting large-scale systems. This project had its origins in discussions of social forecasts and forecasting methodologies initiated a few years ago by several social and natural science members of the Social Science Research Councils Committee on Social Indicators. It became apparent in these discussions that certain similar problems were confronted in forecasting large-scale systems—be they social or natural. In response, the Committee hypothesized that much could be learned through more extended and systematic interchanges among social and natural scientists focusing on the formal methodologies applied in forecasting. To put this conjecture to the test, the Committee sponsored a conference at the National Center for Atmospheric Research in Boulder, Colorado, on June 10-13, 1984, on forecasting in the social and natural sciences. The conference was co-chaired by Committee members Kenneth C. Land and Stephen H. Schneider representing, respectively, the social and natural science membership of the Committee. Support for the conference was provided by a grant to the Council from the Division of Social and Economic Science of the National Science Foundation. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
