Challenger Intrepid is a quick paced, adventurous novel of Professor Georgia Challenger, a mad scientist spinster aging ungracefully in her own hand-crafted, full prosthetic, Cybernetic vehicle. She got her start in Britain's Edwardian period, and working quietly from her home, the Central Peak upon the Mystic Plateau, our Georgia became the greatest Physicist of all time. She needs to be, because this story thrusts Georgia into a role infinitely more demanding than physics research: Time Traveling Foster Mother. She must also contend with the plotting of an indomitable archrival. So Our Georgia, in the company of her sisters, and her fosters, is tossed and flung through time and space, to find she is confronting the inexplicable quirks of historical events in alternate dimensions, rendering them unrecognizable even though populated by recognizable if not iconic figures. Our Georgia must do all this while struggling against the relentless machinations of a shadowy man who could surely be anyone's ultimate enemy: a time-traveling psychiatrist. How do you beat an enemy who has all the time in the world?...
